Presentation to the Board

It has been suggested that along with a set schedule we should also provide committee members with a binder that will include:

The Mission Statement,

A brief history of desegregation in Berkeley,

Court cases/legal brief

Additional information presented to the committee should be binder ready.

We also reviewed the E-mail message dated April 12, sent by Irving Phillips to the student Assignment Committee which made recommendations as to the content and direction of the Student Assignment Committee. (Irv please attach)
